

We must not be quiet about our Y Service Club stories.

### **MAKE NOISE!**

Reach beyond our own club members, our own region (although we could be better at inter-club sharing) to “tell our story” of Y Service.

Use International President’s new IP eNews Bulletin; Y World to reach international members, Brother Clubs. Post stories to our Region’s & Area’s website & Facebook.

Tell our stories to large number of individuals, organizations, community leaders, businesses, local officials, school personnel, family and friends.

Creating positive images is so important to growing our membership. More members the greater the impact will be on our Y’s, communities and the world.

Be Proud. Wear your Y pins, shirts to public events, Y events. Display your club banner at the Y, club events, community events.
